

Full unedited gel for Figure 1: Androgen Receptor Antibody (see methods for more information)

Lanes that are
shown in the gel

Full unedited gel for Figure 1: Anti-GADPH Antibody (see methods for more information)

Lanes that are
shown in the gel

Full unedited gel for Supplemental Figure 1C: Anti-VCAM1 Antibody (see methods for more information) – Upper panel

Lanes that are
shown in the gel

Full unedited gel for Supplemental Figure 1C: Anti-GAPDH Antibody (see methods for more information) Upper panel

Lanes that are shown in the gel

Full unedited gel for Supplemental Figure 1C: Anti-VCAM1 Antibody (see methods for more information) – Lower panel

Lanes that are
shown in the gel

Full unedited gel for Supplemental Figure 1C: Anti-GAPDH Antibody (see methods for more information) Lower panel

Lanes that are shown in the gel

Full unedited gel for Supplemental Figure 1F: Anti-COL1A1 Antibody (see methods for more information) – Upper panel

Lanes that are
shown in the gel

Full unedited gel for Supplemental Figure 1F: Anti-GAPDH Antibody (see methods for more information) Upper panel

Lanes that are shown in the gel
